"I am atraid you won't like it, but just look sine has been ateadily decreasing for the last half at his mouth, "also says, evoluty. The average is now a Ja, where in ladd 1 did. 1 did.

The little thing was asleep, but his mouth was half open, and from his lips to his threat was a mass of ulceration. Perhaps, as be mother said, you won't like to look at hat baby's mouth. You may not like to think of soft baby lips all purched and brown. It isn't pleasant to think of a baby that canweet marriquiste nothings that steal the very heart out of a mother's body. When we wroll aweet morsels' under our healthy tongues,

it would not add to our pleasure to think of a mother's heart happier. I will try and do wee baby who is almost starved because he more if I can.

Cannot endure the avony of taking even milk

MANIE EDWARDS, age twelve years, cannot endure the agony of taking even milk

into his tortured little mouth. bit of humanity, and you can do that. If necessary deny yourself something.

There are many men of many luxuries And if each man, woman and child in New York would send the price of just one such gratification the tree doctors would soon carry health and happiness to the babies. Bless their dear little hearts and their poor It seems as if one cannot plead too ear-

nestly for them. Others can help themselves. If not, they can at least make their needs known. But a baby is at the world's mercy. Helpiess, suffering yet blameless, they stretch their poor, puny little arms to you for comfort. It doesn't seem possible that there can be a single mother or father in this city who can resilve the terrible suffering of the bables and not be touched by it. The girls and boys feel it. They are send-

ing their pennies and their dimes, and their little letters all show the thrill of happiness which comes from trying to help others. Do not let the children carry all the burden of taking care of the babies. Help them ! Encourage them by adding your dollars to their 6.60 pennies.

"Yes, my boy. I think you ought to pay a back, don't you?"
"Yes. If you'll give me 25 cents I will."

Feminine Fashions Have a De cidedly Mannish Flavor.

London Sets the Style in Gloves for Horseback Riding.

Feminine fashtons have a decidedly mannish flavor this season. The perfect-fitting cutaway coat, showing a fency waistcoat of tailor's goods, and the inevitable shirt front with the immaculate tie, are all masculine in derivation. But they are extremely becoming to wemankind in general and are da cide lly the heatest thing for street wear.

London in straw hats, treble-button dogskin sewn in black and white wash-leather ar considered the test sort of gloves on borse back. Those who want a thicker make mus have Russian leather gloves, which resemble chevrette in substance, but fit extremel Queen Victoria does not like tobacco smoke She probably regrets its importation by de lightful velvet-cloaked Raleigh, and she wi
